

**ST. JOSEPH'S INSTITUTE OF MANAGEMENT
(JIM)**

FORMING RESPONSIBLE LEADERS

Director's Communique –Placement

I am very happy to begin the campus placement for the MBA Class of 2020-2022 and present the placement reports of the past five years transparently. JIM Trichy excels in academic endeavors as well as in placements. This becomes possible only because of rigorous academic inputs, extracurricular activities and Institute-Industry interfaces.

JIM is forming responsible leaders by incorporating and teaching contemporary management practices to the students. Not only this year, but consistently placed student numbers stood higher in all years since its inception. The Highest CTC offered is 12LPA from the Federal Bank and the average CTC is 4.5 LPA during the placement season of 2021. Despite a pandemic outbreak in the year 2020, JIM received 102 offers out of 117 eligible students.

I express my sincere gratitude to all the recruiters for consistently visiting our campus for the placement process. I am indebted to the whole placement team for providing consistency in the placement numbers across the years.
